THE FANNIE WEAVERS

# On-The-Day Wedding Coordination

FANNIE FLEUR WEDDINGS

*However you've planned it, every couple gets a Weaver on the day.*

WELCOME

# Woven into every detail

At Fannie Fleur, we believe the weeks before a wedding should feel like anticipation, not admin. That's why we created The Fannie Weavers — our on-the-day coordination service, designed to gather every thread of your planning and weave it into one seamless, beautifully-run day.

Whether you've been dreaming, planning and colour-coding your wedding since the day you got engaged, or you'd simply love a safe pair of hands to take the reins as the big day nears, we have a path built around you. Both are led by our dual-certified planning & design team, drawing on over a decade of experience coordinating weddings of every scale.

---

On the following page, you'll find our two ways to work together — **The Full Weave** and **The Final Thread**. Both conclude in exactly the same place: a calm, considered final run-through call, and full hands-on coordination from us on the day itself.

**Either way, we finish what you start.**

You will not be left to manage suppliers, timings or last-minute questions alone on your wedding day. That's our promise, whichever option you choose.

# Two ways to weave your day

*Choose the level of support that suits how you've planned*

## OPTION ONE

### The Full Weave

From 8 weeks before your wedding

On the day: 3 hours before ceremony until first dance

---

**From £1,250.00**

Dependent on scope · 2026 pricing

---

- We take the reins from 8 weeks out
- Full timeline built from scratch
- Supplier liaison, managed for you
- A final run-through call together
- Full coordination on the day

## OPTION TWO

### The Final Thread

Handover 4 weeks before your wedding

On the day: 3 hours before ceremony until first dance

---

**From £550.00**

2026 pricing

---

- You plan the day, start to finish
- Complete our handover forms at 4 weeks
- We review and double-check every detail
- We contact all suppliers to confirm us as point of contact on the day
- A final run-through call together
- Full coordination on the day

Every wedding is different, and so is every timeline. If neither path feels quite right, **we also offer bespoke coordination solutions on request** — just ask, and we'll design something around you.

# What "full coordination" really means

*The same hands-on standard, whichever option you choose*

## Pre-Ceremony & Setup

- Oversee vendor arrivals and setup (florists, caterers, rentals)
- Set up final personal decor items (place cards, guest book, welcome signs)
- Distribute personal flowers (bouquets, boutonnieres) to the bridal party
- Conduct a final walk-through of ceremony and reception spaces
- Coordinate with celebrants, church or registrar on final arrangements
- Manage timings discreetly so the bride is not seen in her dress before the ceremony

## Ceremony Execution

- Line up and cue the wedding party for the processional
- Cue musicians, best man or DJ for entrance and exit tracks
- Guide ushers on guest seating and special reserved rows
- Keep the ceremony running strictly on time

## Reception & Event Management

- Act as the main point of contact for all suppliers
- Manage the master timeline for entrances, speeches, and dances
- Round up family members and guests for group photographs
- Handle last-minute emergencies or unexpected problems
- Distribute final vendor payments and tips, if pre-arranged

# Additional Add-Ons

*Extra hands and extra peace of mind, whenever your day calls for it*

## Assistant Coordinators

From £250.00

Per assistant — for larger weddings, multiple locations, or simply an extra pair of hands to keep everything running smoothly alongside your lead coordinator.

## Wrap-Up & Breakdown

From £500.00

This add-on provides evening support for you and your guests, running until carriages arrive.

- Oversee the safe collection of gifts, cards, and leftover cake
- Supervise venue tear-down and rental returns
- Supervise pack-down if held the same night
- Do a final check for lost items before leaving the site
